Education

City University of New York Herbert H. Lehman College

Bronx, NY

Expected May 2027, Bachelor of Science in Computer Science

Cumulative GPA: 3.293/4.00

- **Relevant Course Work:** Full Stack Web Development,

Bronx Latin HighSchool

Bronx, NY

Advanced Regents Diploma Cumulative GPA: 90.38/100.00|

June 2023

PROFESSIONAL EXPERIENCE

HighBridge Voices

Bronx, NY

Front End Web Content Specialist & Coding Instructor

August 2024 - Present

- Work closely with leadership to write HTML, CSS, and JavaScript to maintain the programs website up to date, and able to process applications/donations.
- Implemented a Backend Development course using Java, and a Web Development course for over 40 students that will help them gain proficiency in reading, writing, and debugging their own code and help develop their problem solving skills

Technical Skills

-
- **Coding Languages:** Java, C++, Python, JavaScript
 - **Technologies:** Git, VS Code, Eclipse, Cursor, PostgreSQL, Railway, Vercel, SupaBase
 - **Frameworks:** [Node.js](#), [Next.js](#)
 - **Concepts:** Object-Oriented Programing, Data Structures & Algorithms, Debugging, Code Optimization

Projects

-
- **Minesweeper (Java)**
 - Developed a functional Minesweeper clone using Java that had a graphical user interface, buttons and a grid layout that implemented core gameplay mechanics such as random mine placement, win/lose conditions and replayability.
 - **School Database (Java)**
 - Built a database system that reads a CSV file to populate information for students, staff and professors using CRUD operations for managing records.
 - Implemented file handling and parsing techniques to read and store data dynamically.
 - **HighBridge Voices Portal**
 - Deployed a webpage that requires user authentication for login with role based access where currently users can access a program calendar, announcement system and access to the choirs music library. The music library is only accessible to staff and uses CRUD operations for manipulation of the database where songs receive ids, are sorted alphabetically and can be sorted by voice parts.
-
